

Habitat for Humanity of Greater Chattanooga Green Advisor: Volunteer Position

Volunteer Service Description: Assist Habitat for Humanity to become more eco-friendly! From increasing recycling at the construction site to researching energy saving techniques for the office, the Green Advisor will help the Habitat for Humanity to become a leader in the green community.

Responsibilities:

- Evaluate current recycling and environmentally friendly efforts at Habitat for Humanity.
- Research techniques and tools used by other Habitat for Humanity Affiliates.
- Create and implement new recycling and energy saving tools at office, ReStore and construction site.

Volunteer Impact: The volunteer will play a direct role in ensuring Habitat for Humanity is a good steward of resources and the environment. Developing a comprehensive program will allow Habitat for Humanity decrease dumping fees, electricity costs and be more environmentally friendly.

Age Requirements: Volunteers must be at least 18 years old.

Skill Qualifications: A background in construction and/or an interest in the environment is key. Flexibility and the ability to help with a variety of tasks that may arise are also needed.

Time Commitment: Volunteer hours at the office may take place Tuesday – Friday 9:00a – 4:00pm. Research can take place during own time.

Training & Supervision: Provided by the Director of Volunteers and Construction Staff
